Okay. I was just thinking that it really isn't too typical to have anyone but the EPA in on those calls but I do think it might help in this case to have the tribe on the line. We just have to remind LDF that EPA is the client here.

I believe that's what we told them we would do when you and I talked to them this week. I plan to have us, LDF and Tom have a call with them prior to finalization. We have conference call time left in the task order. At least that's the way I understood it.

Bob,

How do you feel about having LDF involved in the call with Bristol? Would that be appropriate?

**Subject:** Tribal Participation in EPA-Bristol conference call prior to report finalization

Good Afternoon Sherry,

The Tribe would like to participate in the conference call with EPA's contractor, Bristol, before the October 5<sup>th</sup> Tech Memo and October 23<sup>rd</sup> Tech Memo are finalized. It appears that there is time in the task order to allow for this.

Good Afternoon Sherry,

The October 5<sup>th</sup> Bristol Technical Memo has been reviewed and comments included in the attached document. I look forward to a call to go over comments.

**Subject:** FW: Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Kristen,

I would like to follow up with you regarding what the senior managers discussed on October 12<sup>th</sup> and what the next steps are. We would also like your feedback on the draft technical memo from Bristol that Bob sent to you. We are thinking that we should set up a call with Lac du Flambeau, and EPA (us in Region 5) as well as Tom Kady as soon as it can be arranged.

I will attempt to call you to this afternoon to see if this can be discussed and setup.

**Subject:** Summary/Action Items from 10/12/2016 Tower Standard Senior Managers Conference Call

Good Morning Larry, Judy, and John,

Thank you for taking time out of your busy schedules to participate in yesterday's conference call regarding the Tower Standard Site. The following is a summary of the

action items from the call:

- 1) Update Tower Standard Timeline based on work that has transpired since our May 26, 2016 meeting in Woodruff, WI. (EPA will update with input from LDF and WDNR)
- 2) Create list of all available sampling data to date. (EPA will create with input from LDF and WDNR)
- 3) Determine Timeframe needed to review Bristol's Comprehensive Site investigation (Technical staff from EPA and LDF)
- 4) Share Bristol's Comprehensive Site investigation with WDNR and determine how much time is needed to evaluate remedial options (Technical staff from EPA, LDF, WDNR)
- 5) Schedule Meeting with Senior Managers to Present Remedial Options (EPA)

Please let me know if you have any corrections/additions to this by COB this Friday, October 14, 2016. Thank you.
